EDUCATION

Amity University

Bachelor of Technology in Computer Science Engineering

Jaipur, Rajasthan

Aug. 2020 – May 2024

12TH

Science with MATH

Sikar, Rajasthan

Aug. 2019 – May 2020

TECHNICAL SKILLS

Languages: C++ HTML/CSS JavaScript, Node.js , Express.js

Frameworks: React, Tailwind.css

Developer Tools: Git, GitHub , VS Code

DataBase : MongoDB , MySQL

PROJECTS

Dream Nest - Full Stack Home Rentals Application | [Live](#) | [GitHub](#)

- Tech Stack: **MongoDB, Express.js, React, Node.js (MERN), JWT, Bcrypt, Redux, Mongoose**
- User Authentication Authorization: Implemented secure sign-up and log-in processes using Auth, JWT, and Bcrypt to ensure data protection and user privacy.
- Dynamic Property Listings: Enabled users to create, update, and manage property listings with detailed information and customizable options, enhancing user engagement.
- Photo Management System: Integrated functionalities for uploading, deleting, and drag-and-drop photo management, providing a seamless user experience for property visuals.
- Calendar-based Booking: Developed a calendar system for property bookings, allowing users to easily schedule and manage rental dates.

Tastodash - Full Stack Food Ordering Website | [Live](#) | [GitHub](#)

- Tech Stack: **React JS, MongoDB, Express, Node JS**
- Responsive Frontend Design: Created a responsive food delivery website using React JS, ensuring an optimal user experience across various devices.
- User Authentication: Implemented sign-in and sign-up components, utilizing JWT for secure user authentication and registration.
- Shopping Cart : Developed a comprehensive shopping cart functionality
- Admin Panel Order Management: Built an admin panel using React JS to manage food listings, display orders, and update order statuses efficiently.

React Tools - Personal Productivity Suite | [Live](#) | [GitHub](#)

- Tech Stack: **Utilized React, React Router ,TailwindCSS , and browser local storage .**
- Integrated Productivity Suite: Combined Todo List, Note-taking, and Expense Tracking into a single application using React, React Router, TailwindCSS, and browser local storage for efficient, database-free data management.e
- Todo List: Manage tasks with features to add, edit, delete, mark as complete, and clear all todos
- Note-taking: Efficiently create, edit, and delete notes to organize thoughts.
- Expense Tracking: Track expenses and income, edit records, delete entries, and automatically calculate total balance.

EXPERIENCE

Full Stack Developer

July 2023 - Aug 2023

HDLC Technology

- Developed an e-commerce website with user-friendly features User registration, personalized shopping, and dynamic cart management. Seamless checkout with simulated credit card payments.
- Implemented robust admin functionalities for efficient store management Product lifecycle management, including addition, updates, and removal. Inventory control to ensure accurate stock levels.
- Real-time alerts for item restocking after being out of stock.Utilized a technology stack including React.js , Node.js , Express.js , MongoDB ,Tailwind.css ,JWT for seamless functionality.
